STOCKLICK

FAMAS Stocklick

A mineral lick that keeps cattle supplied with essential nutrients, especially on grazing where forage lacks key minerals.

PACK SIZES (PACKET)

1 kg | 2 kg | 5 kg | 10 kg | 20 kg | 50 kg

BENEFITS

01 Enhances weight gain and growth

02 Supports optimal digestion and nutrient absorption

03 Boosts immune function

04 Provides balanced and consistent mineral nutrition

ABOUT FAMAS STOCKLICK

FAMAS Stocklick is a mineral-rich supplement crafted to ensure that cattle receive a continuous supply of essential nutrients. This lick supports optimal digestion, boosts immune function, and maintains overall health, particularly in grazing systems where natural forage may lack key minerals. Regular access to FAMAS Stocklick helps promote consistent weight gain and balanced nutrition, making it an indispensable tool in effective cattle management.

HOW TO USE

Place the lick in accessible areas where cattle can freely consume it. Monitor usage and replenish regularly to ensure a constant supply of essential nutrients.

DAIRY

FAMAS Dairy Maziwa

A mineral and vitamin supplement for high-producing dairy cows, for milk yield and quality.

PACK SIZES (PACKET)

1 kg | 2 kg | 5 kg | 10 kg | 20 kg

BENEFITS

01 Increases milk yield and improves milk quality

02 Supports overall health and body condition

03 Enhances reproductive performance

04 Optimises nutrient utilisation for sustained energy

ABOUT FAMAS DAIRY MAZIWA

FAMAS Dairy Maziwa is a premium nutritional supplement tailored for high-producing dairy cows. Its expertly balanced blend of vitamins, minerals, and proteins supports strong lactation, ensuring that cows receive the essential nutrients they need to boost milk yield and quality. This product not only enhances milk production but also supports reproductive efficiency and maintains optimal body condition during demanding lactation periods, helping your herd achieve peak performance.

HOW TO USE

Mix the recommended dosage thoroughly with the daily feed ration as directed by a veterinarian or animal nutritionist. Always ensure that clean, fresh water is available.

DRY COW

FAMAS Dry Cow

Support for cows from the end of lactation through the dry period, ready for the next one.

PACK SIZES (PACKET)

1 kg

BENEFITS

01 Supports metabolic health and recovery

02 Restores and maintains optimal body condition

03 Prepares cows for the next lactation cycle

04 Reduces the risk of metabolic disorders

ABOUT FAMAS DRY COW

FAMAS Dry Cow is developed to meet the unique nutritional needs of cows entering the dry period. This supplement offers a well-balanced mix of essential nutrients that aid in recovery, help restore optimal body condition, and prepare cows for the next lactation cycle. By maintaining metabolic balance and supporting bone health, FAMAS Dry Cow ensures that cows transition smoothly, reducing the risk of metabolic disorders and setting the stage for a successful subsequent lactation.

HOW TO USE

Incorporate into the daily feed during the dry period as per the recommended dosage. For best results, consult with a nutritionist to tailor the feeding regimen to your herd's specific needs.

NDAMA

FAMAS Ndama

Fills the nutritional gaps of a calf's early life: bones, muscle and immunity.

PACK SIZES (PACKET)

1 kg | 2 kg

BENEFITS

01 Promotes rapid and healthy growth

02 Strengthens bones and muscles

03 Boosts the immune system

04 Enhances overall vitality and development

ABOUT FAMAS NDAMA

FAMAS Ndama is meticulously crafted to bridge nutritional gaps during the early stages of a calf's life. This supplement provides a balanced array of nutrients that promote strong bone formation, muscle development, and a strong immune system. By ensuring that calves receive vital vitamins, minerals, and high-quality proteins, FAMAS Ndama lays the foundation for healthy growth and long-term vitality, setting them on the path to reaching their full potential.

HOW TO USE

Administer as a top-dress on regular feed or mix into milk replacer according to the feeding guidelines provided. Adjust dosage based on age and weight as advised by a veterinarian.

JOTO

FAMAS Joto

Helps cows achieve and maintain heat, for timely breeding.

PACK SIZES (PACKET)

1 kg | 2 kg | 5 kg

BENEFITS

01 Enhances heat detection and estrus behaviour

02 Improves reproductive performance

03 Boosts overall herd fertility

04 Supports a balanced nutritional profile for reproductive health

ABOUT FAMAS JOTO

FAMAS Joto is specifically developed to support reproductive efficiency by helping cows achieve and maintain heat. This unique blend of nutrients stimulates natural heat cycles and enhances estrus behaviour, ensuring timely and effective breeding. By combining essential vitamins, minerals, and reproductive stimulants, FAMAS Joto plays a vital role in enhancing fertility and overall herd productivity, making it a key addition to your reproductive management programme.

HOW TO USE

Mix the recommended dosage into the daily feed as advised by a veterinarian. Observe the herd closely to monitor improvements in heat detection and reproductive behaviour.

MILKING SALVE

FAMAS Milking Salve

A teat-care jelly that soothes and protects teats during and after milking.

PACK SIZES (TUB)

50 g | 100 g | 250 g | 500 g | 1 kg

BENEFITS

01 Soothes and hydrates irritated teat skin

02 Prevents chapping, cracking, and infections

03 Enhances teat recovery and reduces mastitis risk

04 Improves udder health and milking comfort

ABOUT FAMAS MILKING SALVE

FAMAS Milking Salve is a premium teat care jelly developed to provide a protective barrier against friction and environmental irritants during milking. Its hydrating and nourishing formula helps to prevent chapping, cracking, and infections, ensuring that teat skin remains supple and healthy. By promoting rapid recovery and reducing the risk of mastitis, this salve contributes to overall udder health and improved milking comfort, making it an essential component of any dairy management routine.

HOW TO USE

Apply a thin, even layer of FAMAS Milking Salve to thoroughly cleaned and dried cow teats immediately after milking, or as recommended by your dairy routine. Ensure proper hygiene before application to maximise effectiveness.

DCP

FAMAS DCP

Dicalcium phosphate: calcium and phosphorus for strong bones and to help prevent milk fever.

PACK SIZES (TUB)

250 g | 500 g | 1 kg

BENEFITS

01 Promotes strong bone and teeth development

02 Supports metabolic health and prevents milk fever

03 Enhances nutrient absorption and overall growth

04 Improves reproductive performance and herd vitality

ABOUT FAMAS DCP

FAMAS DCP is expertly crafted to deliver essential calcium and phosphorus, critical for strong bone formation and overall health in cattle, sheep, and goats. This supplement plays a vital role in preventing metabolic disorders such as milk fever in lactating cows and ensuring optimal nutrient absorption across all production stages. With its balanced blend of key minerals and supportive nutrients, FAMAS DCP helps maintain reproductive efficiency, enhances growth performance, and supports sustained animal productivity throughout their lifecycle.

HOW TO USE

Mix the recommended dosage into the daily feed ration as advised by your nutritionist or veterinarian, ensuring even distribution throughout the feed. Always provide fresh, clean water alongside the supplement.
